

## Drive-In Concert Success

**Laguna Live!** held their second tailgate/drive-in concert in City Lot 10 on Sunday, May 2. The sold-out crowd enjoyed the awesome Black Market Reverie band, led by Lyman Medeiros and Renee Myara, and their eclectic sound and speakeasy style jazz.

Spaces in the lot around the edges were sold every other one, which allowed guests to maintain social distancing by sitting in front of their cars or remaining inside and the band performed in the middle. An impromptu solution to the pandemic rules, the new venue proved to be a big hit and guests were asking when it could be repeated.
